

The Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear The Federal Communications Commission,

I vehemently oppose the "flat fee" tax which would unfairly increase the fee share to the low volume user - those who are least able to afford it. And as a low volume user, request that you oppose the shifting.

Sincerely,

J. W. (Bill) Raybourne Lexington, KY

Sincerely,

Bill Raybourne
